“ At CheQ, speed and trust are non-negotiable. Pay10 delivers both. Their gateway integrated quickly, scaled smoothly and keeps uptime consistently high. More importantly, the team is proactive in fine-tuning flows, tightening risk controls and resolving issues before they become problems. With Pay10, reconciliation is simpler, settlements are predictable and our customers experience a smoother path to payment. Pay10 consistently delivers a strong 91%–92% SR, making them the payments partner we rely on. ”

Vineesh Kumar

Head of Payments | 

“ For ICICI Lombard, accuracy and compliance in every transaction are critical. Pay10’s secure infrastructure, adaptable API framework, and real-time reporting have optimised payment collections and refunds - delivering faster processing, stronger audit readiness, and a consistently reliable experience for our customers. ”

Nandita Jain

Chief Manager |
